ALDIE KINSMAN

This bull was purchased for \$2,750 in the 1953 Mathers sale. His siring ability was well proven in the James Oman-son herd at Bradford which was later purchased by Wm. K. Barry & Sons, Bradford. Later Kinsman was purchased by the Hurlbuts for use in their Spring Creek herd. When you see his sons and daughters in this sale, you'll agree that his blood deserves the serious consideration of all breeders inter-ested in improvement.

Westmere is represented in this sale with 18 high quality entries. This herd is federally accredited for tuberculosis and brucellosis and is tested free for leptosporosis.

**KAIR RANGER**

The record of Kair Ranger is well known. He was twice International reserve champion, after making a great show record in Scotland. His progeny have consistently placed high in major competition. In addition to Lot 4 bull, a daughter sells as Lot 49. You'll like this pair.

MORPHIE ELECT

This great breeding son of Bapton Commando has an outstanding record and his sons and daughters have been widely sought by those who plan to build only on the best and most dependable bloodlines. ALDIE FANFARE

Aldie Fanfare was used most successfully in the L. D. Johnson & Son herd, Cushing, Iowa. The fact that they kept over 80 of his daughters in their herd before selling him is a recommendation not to be overlooked. He has proved equally proficient as a breeding bull in the Westmere Herd. His son, Nordic Crocus Count, selling as Lot 9, will be one of the best young bulls selling this summer. Aldie Fanfare is a son of the great Calrossie Adonis.

Here is a real sale attraction. Although young he is one of the best sire prospects to sell this year. A son of Secret Prince and out of a daughter of Champion Prince, both sons of the International grand champion N-Bar Prince, he is bound to be good. He was recently selected the champion Shorthorn bull at the 1960 Wisconsin Mid-Winter Futurity under Judge Les "Mr. Shorthorn" Mathers. He then went on to become the reserve supreme interbreed champion bull.

BALBITHAN EMPEROR

Lot 13 is a daughter of this noted son of Balbithan Bon-Accord. He sold for \$2,400 in the Edellyn Dispersion to Roy T. Johnson, Flushing, Ohio. His sons and daughters averaged \$1,525 in that dispersion including one son at \$2,350 and two others at \$2,000 each.

Who Is Westmere Randolph?

Because four females in this sale carry his service we thought you might like to know more about this bull. He is one of the best sons of Pittodrie Monarch—impressive for his bone, balance and thickness throughout. His dam is Femco Mary by Camson Prince Bob.

S & T Blossom—Bred by Malcolm Tucker who is assembling one of the very choice herds in Illinois. Many will recall the white heifer bred by Tucker that we sold at Marellbar last June, one of the top females of the day selling at \$1,100 to Otto Grosse. Tucker also bred and exhibited the champion sale female at the 1959 International. This heifer sells bred to Calrossie Golden Guinea, February 3, 1960. Vaccinated. Herd federally accredited for tuberculosis and brucellosis.

The heifer on the left is S & T Blossom, that sells as Lot 26. The second heifer from the left is a granddaughter of Calrossie Highland Chieftain and the two heifers on the right are daughters of Chieftain.

**A treasure of fine breeding . . . for
THOSE WHO CARE . . .
enough to buy the very best.**

Spence James holds Village Maid 223rd, a typical production of the Neal James Estate. This heifer was the reserve champion at the 1960 Wisconsin Mid-Winter Futurity. Lot 27 is a heifer of the same stamp.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The

expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
